

## CANNOT HOLD SHAW ON SLIM EVIDENCE

Chief Justice Clark Orders Release of Man Charged With Grand Larceny.

## HAVE JOINT INSTALLATION

Three Masonic Lodges Have Mass-Meeting—Hall Open to "Eavesdropping."

(Special to The Times-Dispatch.)  
RALEIGH, N. C., June 25.—A hearing of a writ of habeas corpus before Chief Justice Walter Clark in the case of Frank Shaw, held in jail on the charge of stealing \$150 from a Syrian merchant on Wilmington Street here, has resulted in the release of Shaw on the ground that there is not enough evidence to hold him for the Superior Court. Annie Shaw, a negro woman, who was the principal witness against Shaw and had been sent to jail by the trial justice for perjury, was also before Justice Clark on a writ of habeas corpus, but the judge remanded her to jail to await trial for perjury. She made a statement to officers clearly fixing the robbery on Shaw, and then on the trial so changed her statement as to nullify her testimony.

**Masonic Install Officers.**  
There was a joint installation of officers by the three Masonic lodges last night, the worshipful masters being John G. Allen, for William C. Hill Lodge; Dr. W. H. Glasscock, for Raleigh, and Louis Samuels, for Hiram Lodge. There was also a mass-meeting of Masons for the discussion of differences that have arisen about the joint lease of the Blue Lodge hall in the Grand Lodge Masonic Temple, now in course of construction. Some contend that the proposed Blue Lodge hall is badly located in the temple, is poorly ventilated and lighted, besides being exposed to eavesdroppers. It is possible that changes in the plans will be made so that these objections can be largely overcome.

## THROWN FROM BUGGY

**Mother and Two Daughters Hurt in Runaway, but Will Recover.**  
(Special to The Times-Dispatch.)  
SALISBURY, N. C., June 25.—Mrs. W. J. Hendrix, a well known woman, and two daughters, Misses Mary and Agnes, were painfully injured in a runaway accident on the street here last night. The animal, driven by the mother, took a fright at a light and dashed the buggy against a tree, piling it up on the three occupants. All were badly bruised and greatly shocked, but will recover.

## MARYLAND TEACHERS

**Nearly One Thousand Holding Annual Convention at Exposition.**  
(Special to The Times-Dispatch.)  
JAMES TOWN, EXPOSITION GROUNDS, June 25.—Maryland school-teachers to the number of about 800 assembled at the Inside Inn to-night for their annual convention. The convention was opened with the singing of patriotic songs, after which the first meeting was devoted to speech-making, the first address being one of welcome by Harry S. George Tucker, exposition president. Hon. Edwin Warfield, Governor of Maryland, responded for the teachers. The president's address was then delivered by President James W. Cain. A comprehensive program for general educational discussion has been mapped out for the convention.

## AUTO FRIGHTENS HORSES

**AND HEARSE IS SMASHED**  
(Special to The Times-Dispatch.)  
WINCHESTER, VA., June 25.—G. R. House, president of the United Electric Railways of Baltimore, and wife, Charles W. Shaw and wife, of Boy Becker, of the same city, while speeding in a big touring car this morning on North Market Street on route to Jamestown Exposition, frightened two horses attached to a hearse during the funeral of Miss Sarah Mayors, and caused great commotion, the hearse being dashed against a tree and the glass shattered. Mr. Shaw was arrested and paid twenty dollars costs and a small fine. The funeral car belonged to George W. Kurtz.

## LADY SEVERELY BURNED

**BY POURING KEROSENE ON FIRE**

(Special to The Times-Dispatch.)  
LYNCHBURG, VA., June 25.—Mrs. J. W. Gentry, the young wife of a Southern locomotive engineer, narrowly escaped being burned to death at her home in Amherst county late yesterday afternoon, when she attempted to hurry a smoldering fire in her cook stove with kerosene. The can exploded, throwing oil all over her. She ran from the house, and two men, who were passing, pulled her burning clothes from her. She is badly burned about the head, face, chest, arms, hands and back, but it is thought she can recover.

## Three Deaths in Pittsburgh

(Special to The Times-Dispatch.)  
PITTSBURGH, PA., June 25.—Three deaths from heat occurred here to-day, making a total of fourteen fatalities since Sunday evening. Probably a score of persons have been prostrated, a number of whom are in a serious condition.

## BLAIR CAUSES SENSATION

A. DEIRNE BLAIR, Candidate for State Senate and member of City Committee, who denounced him at political meeting held last night.

## STEAMER RAMS AND SINKS LADEN VESSEL

Five-Masted Schooner Struck Chelston and Sent to Bottom.

## CREW RESCUED AND LANDED

Master Sanford, of Lost Vessel, Last to Leave Her—Steamer Somewhat Damaged.

(Special to The Times-Dispatch.)  
NORFOLK, VA., June 25.—The five-masted schooner T. Charleston Henry, went down in collision with the British steamship Chelston off Shinnecock last Sunday. Frank P. Sanford, master of the Henry, and the crew of ten who sailed the vessel, were all rescued by the Chelston and landed here to-day.

The collision, the masters of both vessels report, occurred in a dense fog. Neither vessel was seen by the lookout on the other until the steamship and schooner were no more than a few yards apart. The Chelston rammed a hole in the schooner so big that an automobile might have been driven through it. The schooner settled rapidly, and disappeared from view in about ten minutes.

The T. Charleston Henry was bound from Baltimore to Boston, seven days out, with a cargo of 4,100 tons of coal, consigned to the New York, New Haven and Hartford Railroad. The Chelston, Captain Hocken, was bound from Boston to Norfolk. The steamship is in the service of Henry & Co., of Boston, and trades between Boston and Norfolk and Inagua and Bluefields, taking coal but and returning with mahogany.

An examination of the Chelston by Underwriters' Agent Lauder this afternoon proved that several of the Chelston's bowplates were badly bent in the collision, and it is expected that she will have to go into drydock for repairs. Captain Lauder, has requested that Lloyd's surveyor Hunter, of Baltimore, come here to-morrow and assist in the further examination of the vessel then to be made.

The schooner, which was practically a new vessel, was valued at \$30,000 and the cargo at about half that amount. The crew of the schooner will go to Boston aboard a Merchants' and Miners' ship.

Those who sailed the schooner were: Frank P. Sanford, master; J. A. Johnston, first mate; C. M. Sanford, second mate; J. DeSilver, cook and steward; Anabel Garcia, boy, and E. Fenburg, T. Corfield, H. Jansen, Frank Martin, John Roach, L. Olsen, A. Hingarf and Leonard Holm, seaman.

The T. Charleston Henry was a familiar vessel in these waters.

## BLAIR FIRES ON CLYDE SAUNDERS

(Continued from First Page.)

clared amid applause that he was in favor of striking the chains from the hands of the people with reference to their property rights.

## Mr. Glenn's Record.

Mr. Glenn asked that he be returned to the House, and he briefly outlined his work in the last Legislature and his platform in the present campaign. He had always favored the best educational facilities, and had offered the original resolution in the City Council calling for a new High School, which is shortly to be constructed. Mr. Glenn said he had offered a bill providing for a traveling auditor, and would press such a measure again if re-elected.

Mr. Glenn was applauded liberally. Captain John A. Curtis got a fine ovation from his neighbors as he came forward to ask them to vote for him on Friday. Captain Curtis declared against prison-made goods and in favor of good roads, better schools and everything good that could be secured for his people; who had no often and so highly honored him. This, he said, was perhaps the last time he would ask his people for political honors, and he urged them to stand by him on Friday.

Mr. Cox asked re-election, and declared he had no interests to serve save the interests of the people. He had tried to do his duty faithfully, and promised to continue to do so if re-elected. He was in favor of a better system of land registration, but he would never agree to vote for a bill which would take a man's property from him without due notice.

**Against Dope.**  
Mr. John J. Blake was the last candidate for the House to speak. He declared he was a candidate for political honors for the first time, and therefore had no public record to review. Mr. Blake declared for raising the income tax exemption to \$1,200, and for better schools and better roads.

He dwelt upon the opium craze sweeping over the State, and declared he favored making the sale of opium promiscuously a felony.

Mr. Blake said there should be some revision of the land registration laws, and he would vote for any measure which would make land titles more secure, and the transfer of real property less cumbersome and costly.

It was 10:30 o'clock when the senatorial candidates were reached, and they spoke briefly, and in the following order: Messrs. Minor, Harman, Polkes and Blair.

Mr. Minor denounced as an absolute lie the statement circulated to the effect that he had favored the sale of the Gas Works while in the Board of Aldermen. He devoted some time to various purposes, and declared in favor of most of them.

Mr. Polkes made a rousing speech, nearly every sentence of which was loudly applauded. He thanked his friends for past favors, and promised faithful service if sent to the Senate.

## NEW ARMENIAN BISHOP

RIGHT REV. YEZNEK ADAHOUNY, of Worcester, Mass., new Armenian Bishop to America. He is now in Persia.

Mr. Blair's speech, briefly outlined elsewhere, caused a profound sensation. In addition to denouncing Mr. Saunders, he fired on others without calling names, and said the campaign liar was at work against him.

He reviewed his career in the Board, and said there was not an important committee chairman in the Council whose fight he had not led, and he declared that most of them lived in the East End. He named Messrs. Adams, of Streets; Lynch, of Ordinances, Wood, of Finance, and Satterfield, of Electricity.

## SEVEN LOSE LIVES IN TENEMENT

Six Members Have Family Killed and Three Sustain Painful Injuries.

NEW YORK, June 25.—Seven persons, six of them members of one Italian family, were killed in the collapse of a ramshackle tenement in the downtown Italian quarter early to-day. Three other members of the same family, including the father and mother, were painfully injured, but will recover. The collapsed building was a four-story affair, at the corner of Walker and Lafayette Streets. It belonged to the Moses Taylor estate, and for some days has been in a dangerous condition because of excavations for a new building on the adjoining premises. It had been shored up, but the constant rumbling of subway trains a block away was too much for it in its weakened condition, and it fell in, finally, at 2 o'clock this morning. Most of the tenants, warned by an ominous creaking, fled from the building before it collapsed. The dead are:

TONY TORCHINO.  
MAMIE TORCHINO.  
LILLIE TORCHINO.  
FRED TORCHINO.  
SUSIE TORCHINO.  
EDWARD TORCHINO.  
COSMO BETUCCHI, a lodger.  
George Blumenthal, the contractor who had charge of the repairs and was on the building, was arrested, charged with homicide.

## NORTH'N NEGROES NEED NOT APPLY

School Board Tacitly Agrees Not to Encourage "Notions" Bred in New England.

NASHVILLE, TENN., June 25.—A tacit conclusion was reached by the Nashville Board of Education last night that only negroes born, bred and educated in the South need apply for election as teachers in the colored public schools of this city. This action was taken, the board says, for the reason that negroes from the north of Mason and Dixon's line have "notions" and "are not familiar with Southern traditions and sentiment."

Major training was to be introduced into the negro schools, and among the applicants for the position of supervisor of manual training were graduates of Harvard and other Eastern universities. One other applicant, a big, black Southern-born, Southern-bred, and Southern-educated negro was given the position.

## Odd-Fellows Elect Officers.

(Special to The Times-Dispatch.)  
SOUTH BOSTON, VA., June 25.—Grady Lodge, No. 14, I. O. O. F., have elected the following officers to serve for the term of six months: Samuel P. Gilliland, noble grand; Charles T. Yancy, vice-grand; H. K. Gossney, recording secretary; J. R. Bradley, financial secretary; P. H. Johnson, treasurer, and A. P. Gilbert, chaplain. W. K. Ballou is past grand, and W. D. Lawson captain of the degree staff. The officers will be installed next meeting night.

The lodge is in a flourishing condition, and has a membership of about seventy-five.

## Sent to Grand Jury.

"Squire Thomas, of the Henrico County Court, sent Fred Brown, who is charged with passing forged checks on the keeper of the luncheon hall at the American Locomotive Works, up the grand jury to be tried on four separate counts.

Sam Lee Gets Off.

Having proved that his "hop juice" contains less than two per cent of the "dream preparation," Sam Lee, whose case was called in Police Court yesterday, was told to go on his way. Lee was arrested over two weeks ago on the charge of running a "dreaming joint" in the East End, but his case was not called until yesterday.

## DEBATE QUESTION LONG AND WARMLY

Ministers Divided on Whether Drowning of Midshipmen Was Providential or Accidental.

NORFOLK, VA., June 25.—Was the loss of the battleship Minnesota's launch with six midshipmen and five seamen an act of Providence or an accident? The question came near breaking up the regular weekly meeting of the Methodist preachers of Norfolk and vicinity, and is still undecided. Rev. Dr. W. G. Starr, pastor of the big Cumberland Street Church, in his sermon last Sunday night held that it was an act of Providence. Rev. J. H. Amis attacked this view in the meeting. Argument waxed warm—warm to the point, it may be said, of considerable feeling. Neither side would give in, and the preachers' organization had no rule whereby debate might be cut off, but in a moment of truce some one offered a resolution empowering the chair to cut off debate at any time.

The resolution was carried, and peace was restored, but the question was left open for future trouble.

## Captain Taylor Goes Ahead.

(Special to The Times-Dispatch.)  
FREDERICKSBURG, VA., June 25.—Captain M. P. Taylor, of California, who has been visiting his old home here since the Confederate reunion in Richmond, will sail in a few days for England to visit his daughter, Mrs. Annie Bayless, at Wolverhampton.

Leon C. Talarferro, who has been abroad for some months and was nominated for the House of Delegates from Orange county during his absence, notwithstanding he had a strong opponent, is expected to return to his home July 7th.

## OBITUARY.

Mr. J. W. Tribbett died yesterday morning at his home, No. 611 East Leigh Street. He was the son of the late W. W. Tribbett, who was for many years engaged in the wholesale grocery business in Richmond.

Mr. Tribbett was about thirty-seven years of age, was employed as a soliciting salesman for Taylor and had been out of the city for a great part of his time. He had a fine tenor voice, and for some years sang in the quartet choir of St. Paul's Episcopal Church. At other times he was a member of All Saints' Episcopal choir, and of the chorus of Grove Avenue Baptist Church. He also sang at a large number of private entertainments, and had a large acquaintance throughout the city. He was universally liked, and the news of his death was heard with sorrow.

Mr. Tribbett is survived by his mother and one sister, Miss Bessie B. Tribbett.

## MALARIAL MOSQUITOES

An Important Question Discussed

Can malaria be contracted in marshy localities, independently of the mosquito? In an experiment made by the famous Manson, five healthy individuals lived for several summer months in a hut on the Roman Campagna. They were protected by mosquito netting over doors, windows and bed. During the day they would go out, but at night they remained in their mosquito-proof hut. At the end of the experiment all were in good health.

This experiment proves also that the night air is no more dangerous than day air, but the real danger consists in the presence of infected mosquitoes of a species which seek their human food at night.

To be immune from the dreaded malaria, you should take Elixir Babek, as an anti-malaria tonic and specific for the destruction of the malarial parasite. A well-known New Orleans physician says that Elixir Babek has proven valuable in malaria, where other preparations have failed.

Those who suffer with malaria, fever, ague, chills and shivering ailments will find Elixir Babek a reliable specific. Sold by all druggists in 50c only. Be sure to get Elixir Babek.

King Quality Oxfords are so fitted that they cannot slip, at the heel, and so cut that they will not chafe the ankle. In fact, they are comfort and beauty personified. Not to wear them this spring is to do your feet an injustice.

The most critical examination of the most discerning experts fails to reveal a flaw in any part of these elegant shoes.
